## Pixie

The Pixie tub, fun versatile and modern, available as a side chair and with a number of different upholstery options makes it a very flexible piece that can be used in a wide variety of locations.

## Pixie

To add to the range we've now created a High Back – just adds that pop of sophistication and opens up some lovely dining options.

## Valentino

Compact and stylish, a tub is at home in any location; easy to move around they offer a flexible seating option and bring a touch of glamour to your room.

## Vista

An elegant tailored frame gives the Vista a classical style that can be used in many different situations. Shown with filled in sides and an upholstered hand grip – this can also be available as an open sided piece which looks great in reception areas.

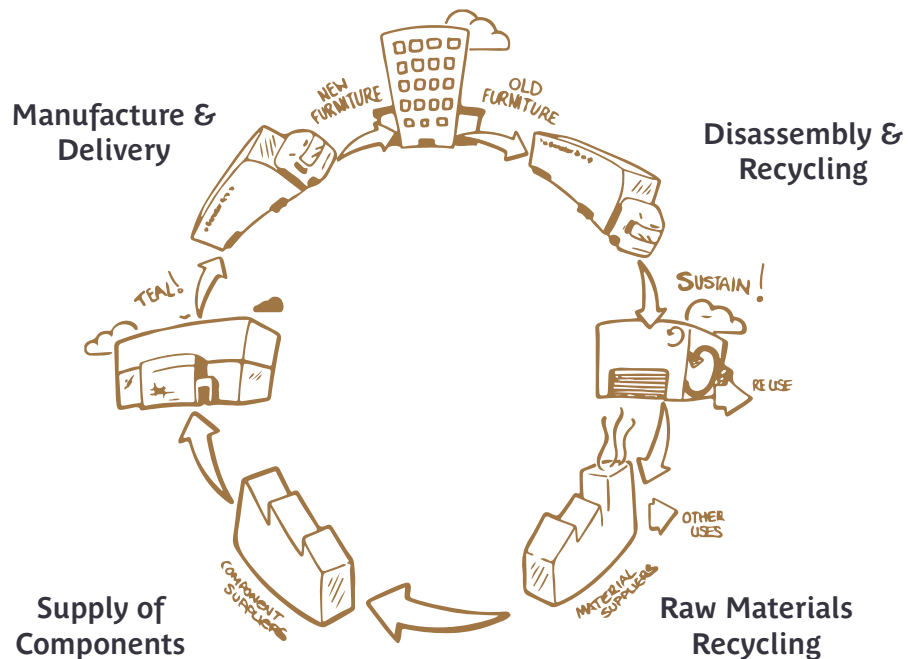

# Sustain

Our purpose built Sustain in-house recycling facility represents a significant investment in our sustainability commitment; we have recycled more than 270,000 items and diverted more than 7.5 million tonnes of waste from landfill since establishing this business. This equates to an emissions saving of 8,790,798 Kg/CO2.

## End of Life/Reverse Logistics

Teal collect redundant furniture from the customer's site. Most Teal products are at least 99% recyclable or reusable at the end of their useful life.

## Reduce

**Products:** Reduction in virgin materials used - programmes to increase recycled content of products.

**Packaging:** Minimal packaging on all products.

## Re-use

**Products:** We re-use where possible, whether this is donating redundant products to charities and social enterprises, or using our re-manufacturing service to give old products a new lease of life.

**Packaging:** We re-use packaging wherever possible and in line with quality guidelines.

## Recycle.

**Products:** All Teal products are designed to be 100% recyclable.

**Packaging:** All waste packaging materials are recycled

# Design

## Project Focus: Anumo

In collaboration with designers Ali and Nick Munro, the Anumo range was developed to offer something different and distinctive.

The design process for the Anumo started by discussing the very essence of relationships and how that interaction could be developed in to a piece of furniture. Based on the theme of a hug, this distinctive and versatile range is designed to be cosy whilst practical for carers and staff to work with.

From frame to upholstery the sofa is designed with longevity in mind. The super strong frame supports multiple components such as lumbar support, comfort foam as standard and pressure relieving cushions option. The seat depth and seat height enable ease of manoeuvrability and the overall design avoids hidden crevices or seams, making for an easy cleaning procedure.

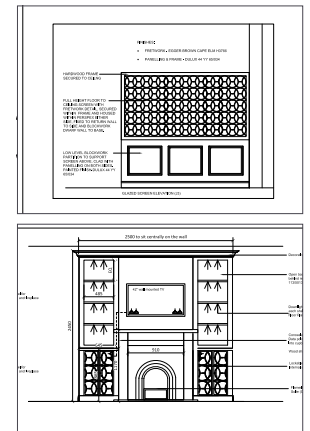

# Bespoke Design

If you need something bespoke to fit your interior space don't worry. We offer bespoke items as part of our full turnkey service.

We're flexible too... happy to work from supplied designs and drawings to manufacture your designs or our clients can tap into our internal experts who can draw up your ideas and bring your vision to life.

From bespoke room dividers used to create a sophisticated seating area off a main feature entrance... to feature moss and bark panelled walls, used in a dementia setting to aid well being.

Just let us know how we can help.

## Client Case Studies

## Ashton Manor

Designed and built by Evermore, Ashton Manor is a new, state-of-the-art care home in Lancaster, and offers the very best in personal, dementia, nursing and respite care.

We were delighted that the Evermore team chose Teal Living as a design partner on this landmark project, confident that we could provide best-in-class product and unrivalled manufacturing expertise to support Evermore's design vision and philosophy of care.

A beautiful range of fabrics helped create a bespoke, stylish and fresh new look from the outset, helping to create a relaxed, sophisticated and welcoming environment for residents and to evoke joyful memories of times gone by.

# Ribble Park Lodge

Ribble Park Lodge is a stunning new purpose-built residential care home located in the heart of Much Hoole village operated by Athena Healthcare Group. Each lodge has its own unique character, enabling residents to lead vibrant and fulfilling lives. Every detail has been carefully planned as part of the project management service provided by Teal's interior specialist, helping to create stunning spaces that place safety, comfort and style at the heart of the design.

## Deewater Grange Chester

The expertise of the Design Team at Care UK shines through in every project, ensuring each home has a unique look and feel, and a personality that has roots in the community it has been built to support. Design and attention to detail seamlessly entwine with the in-house manufacturing expertise of Teal Living, creating beautiful interiors that can, and do, offer the highest levels of care and support for residents.

# Dashwood Manor

Beautifully designed by Care UK, Dashwood Manor is a stunning new state-of-the-art 70 bed care home in Basingstoke and one of Care UK's flagship projects. Dashwood Manor provides dementia, residential and nursing care and features beautiful furniture and furnishings provided by Teal Living, with high-end fixtures and fittings throughout.

It really is one-of-a-kind, with locally inspired interiors and feature areas including a café, cinema and hair salon. Teal Living helped bring the design to life, with our in-house manufacturing expertise and a beautiful collection of colours and textures to complete the look.

## Birkdale Tower Lodge

Birkdale Tower Lodge, a flagship new care home in the Southport area, offers a blend of luxury living facilities with first-rate hospitality and care fit for 21st century living. The landmark development operated by Athena Healthcare Group has been intelligently designed to create a stately, yet homely experience to appeal to even the most discerning clientele.

# Priorslee House Telford

Priorslee House is a new, state-of-the-art, luxury care home on the outskirts of Telford. The purpose-built, three storey home is built to luxury standards with seventy one superior en-suite bedrooms and communal areas that would grace any five-star hotel.

Teal Living worked closely with HC-One's in-house design team on this landmark project, supporting the design vision and philosophy of care, with the capability to meet HC-One's bespoke requirements.

HC-One chose quality, high-end furniture and furnishings throughout, including 'hotel style' curtains with decorative pelmets and bespoke voiles depicting local Ironbridge scenes, co-ordinating beautifully with the colour and texture of the bespoke upholstery designs. Beautiful fabrics helped create a stylish and fresh new look from the outset, while healthcare appropriate fabrics with in-built anti-microbial technology ensure furniture is quick and easy to clean.
