Finish Options

Drawers & Door colour options:

Top Colour options:

Body White as standard (Royal, Pebble, White, Aqua drawers & doors).
 Natural Beech body with matching Beech drawers and doors.

Colour Disclaimer: Printed images and digital images may appear differently to the final finish.

What is KYDEX®?

KYDEX® is a sustainable, thermoplastic blend of PVC and acrylic that renders surfaces tough, resilient and heat resistant. Smooth surface aids cleaning and infection control. Available on bedside tables, bedside cabinets and many selected hard surfaces.

3 R's

Teal is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to Reduce usage. Then we should look to Reuse wherever possible and finally, only after these two processes have been exhausted, should we consider Recycling.

Life cycle understanding

Waste elimination

Recycled content innovation

End of life solutions
