

TDLP01X, TDLP02X, TDLP03X, TDLP04X

Characterised by its loop shaped underframe, the aim with this range was to create a visually appealing yet structurally resilient table range for use in challenging environments.

The bolted table-top uses concealed security fixings, while braced leg sections and mortise and tenon joints ensure strength and stability. Loop is available in sixteen contemporary wood finishes with contrast finish options.

Standard Features

- Tough, durable 25mm laminate top with smooth arrised edge and support rails under the top
- Soft radiused corners for added safety
- Easy clean, scratch and heat resistant laminate top
- Medicote™ anti-bacterial lacquer for infection control

- Solid, 80mm x 45mm beech underframe sections with bracing bar
- Mortise and tenon construction for added strength
- Bolted table-top with security fixings for added safety (covered, non-visible)

Optional Features

- Wood finish options (contrast finishes available)

Technical Information

Dining Table Dimensions:

TDLP01X -
Loop 900x900
2 Seater Dining Table; X-Spec
Weight: 35.5Kg

TDLP02X -
Loop 1400x900
4 Seater Dining Table; X-Spec
Weight: 47Kg

TDLP03X -
Loop 2000x900
6 Seater Dining Table; X-Spec
Weight: 67.5Kg

TDLP04X -
Loop 2600x900
8 Seater Dining Table; X-Spec
Weight: 83Kg

3 R's

Teal is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to Reduce usage. Then we should look to Reuse wherever possible and finally, only after these two processes have been exhausted, should we consider Recycling.

Life cycle understanding

Waste elimination

Recycled content innovation

End of life solutions
