

BDMC01LH, BDMC01RH

Moby Curve Sofa Bed with dropping arm.

Designed to fit into a patient room and provide a sleepover option when opened, whilst still maintaining a small footprint.

Extends up to a 2m bed.

Standard Features

- Sofa to Bed; dropping the arm allows the sofa to turn into an extended bed - from 1850mm width to 2050mm width
- Folding Arm: Arm works on a ratchet mechanism - push to drop, raises in notches

- Hinged, lifting seat, opens up the storage space under the seat
- 65mm Braked Castors
- Wooden Bed Slats

Optional Features

- Available in a wide range of fabric and vinyl options

3 R's

Teal is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to Reduce usage. Then we should look to Reuse wherever possible and finally, only after these two processes have been exhausted, should we consider Recycling.

Life cycle understanding

Waste elimination
