SSOV21M+/ SSOV21X+**

Weight:

28.5kg (Standard)  
34kg (M-Spec)  
38.5kg (X-Spec)

**SSOV22/SSOV22M/SSOV22X/  
SSOV22M+/SSOV22X+**

Weight:

43kg (Standard)  
56.5kg (M-Spec)  
66kg (X-Spec)

**SSOV23/SSOV23M/SSOV23X/  
SSOV23M+/SSOV23X+**

Weight:

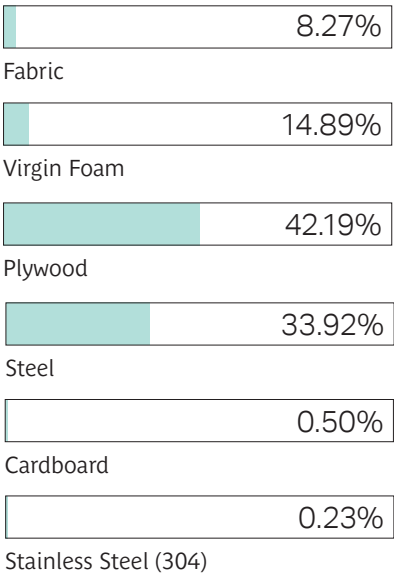

55kg (Standard)  
65kg (M-Spec)  
71.5kg (X-Spec)

SSOV23X OLIVIA ENVIRONMENTAL PERFORMANCE:

Material Content

Components are constructed of the following:

Recycled Content

Contains up to 21% of Recycled Material

Recyclability

This range is 99% recyclable

99%

3 R's

Teal is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to Reduce usage. Then we should look to Reuse wherever possible and finally, only after these two processes have been exhausted, should we consider Recycling.

Life cycle understanding

Waste elimination

Recycled content innovation

End of life solutions
