COAST DINING

The distinctive underframe takes centre stage on Coast. Details such as interlocking triangular leg shapes and table-top with discreet 47-degree edge detail elevate this range.

The bolted table-top uses concealed security fixings, while braced leg sections and mortise and tenon joints ensure strength and stability - perfectly suited to meet the demands of challenging environments.

- + Tough, durable 36mm laminate top (47-degree edge)
- + 70mm x 70mm beech underframe
- + 750mm height
